Skills

- Java
 - Python
 - C
 - JavaScript
 - C++
 - HTML
 - Angular
 - Maven
 - Office 365
 - Fusion 360
 - Godot & GDScript
 - Visual Studio Code
-

Experience

Lavner Education: Tech Revolution - *Instructor Intern*

June 2023 - August 2023

Practiced the technical skills I have learned by explaining them to kids and seeing them use those same skills for the first time. Includes programs like Scratch, TinkerCAD, GDevelop, Cura, Sphero, Minecraft, and Roblox.

Mercer County Technical Schools - *IT Intern*

June 2022 - August 2022, June 2023 - August 2023

Spent these 2 summers working with the school's IT technician and gained valuable experience and knowledge of computer systems.

Van Cleef Engineering Associates - *IT Intern*

January 2023 - June 2023

Working with IT technicians and fellow interns to set up the various hardware systems to be used by their Civil Engineering Employees. This includes imaging computers for deployment and physically setting up workstations.

Education

Rochester Institute of Technology — *Software Engineering*

August 2023 - May 2027

Currently pursuing a BS in Software Engineering with minors in both Mathematics and Computer Engineering. I'm looking forward to co-ops and pre-accepted into the MS program.

Mercer County Community College — *Dual Enrollment*

September 2020 - June 2023

Enrolled in college courses while in highschool to get a head start on credits. I went on to graduate highschool with 54 college credits.

Volunteer

National Junior Tennis League of Trenton — *Minecraft Education Program*

Spring 2021 - Present

I have been teaching elementary age children moral values and technical skills through projects and lessons done within Minecraft: Education Edition. This has been a great booster of my cooperative and communication skills.
